

**ST DAVIDS POULTRY TEAM LIFETIME USE CONSENT FORM**

For the use of medicinal products under the 'cascade'

This signed form gives consent for use, over the lifetime of your birds, in treatment with:

- An authorised Veterinary Medicinal Product (VMP) outwith the data sheet recommendations (ie. 'off label') or
- An UK authorised Human Medicinal Product or
- A VMP from another member state or third country authorised VMP under a Special Import Certificate or
- An extemporaneously prepared VMP

Under UK legislation where there are no suitable medicines specifically authorised for the treatment of a particular species or a particular medical condition in that species, a medicinal product authorised for a different medical condition, or for use in another animal species or in humans, or under certain circumstances an extemporaneously prepared product, or a medicine imported from another country under a Special Import Certificate may be used for the treatment of your animal. Such products will be used only when we consider them to be the most appropriate treatment.
